¹ Under Listing Rule 4.7.3, an entity must lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

³ Mark whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where the entity's corporate governance statement can be found.

Diversa Limited

Corporate Governance Statement

As at 30 September 2015

The Board of directors of Diversa Limited is responsible for the corporate governance of the Diversa Group. The Board guides and monitors the business and affairs of Diversa Limited on behalf of the shareholders by whom they are elected and to whom they are accountable. Diversa Limited's Corporate Governance Statement is structured with reference to the Australian Stock Exchange ("ASX") Corporate Governance Council's (the "Council") "Corporate Governance Principles and Recommendations, 3rd Edition" which are as follows:

Principle 1	Lay solid foundations for management and oversight
Principle 2	Structure the Board to add value
Principle 3	Act ethically and responsibly
Principle 4	Safeguard integrity in financial reporting
Principle 5	Make timely and balanced disclosures
Principle 6	Respect the rights of security holders
Principle 7	Recognise and manage risk
Principle 8	Remunerate fairly and responsibly

A copy of the Corporate Governance Principles and Recommendations can be found on the ASX's website at www.asx.com.au.

The Board is of the view that with the exception of the departures from the ASX Guidelines as set out below, it otherwise complies with the ASX Guidelines.

Corporate Governance Council recommendation	The recommendation was not followed in full for the whole of the period and explanation for departure
PRINCIPLE 1 - LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT	
1.5 A listed entity should: (a) have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them; (b) disclose that policy or a summary of it; and (c) disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards achieving them and either: (1) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or (2) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.	While supporting diversity, the Company has not yet established a formal Diversity Policy, or set measurable objectives in relation to achieving gender diversity. The board considers that to date little efficiencies or other benefits would be gained, primarily due to the Group's size. However given the significant change recently in the Group's operations and number of employees now engaged it anticipated that a policy will be adopted in the coming year.

Corporate Governance Council recommendation		The recommendation was not followed in full for the whole of the period and explanation for departure
1.6	A listed entity should: (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	Given the current size of the board and the scale of the Group's activities before the recent transactions, the Company does not currently have a formal board evaluation process in place, and to date has not considered that any efficiencies or other benefits would be gained by introducing a formal evaluation policy. The performance of the board and its members is considered informally as required. As the Group grows the Board will consider establishment of a formal board and individual director evaluation process.
1.7	A listed entity should: (a) have and disclose a process for periodically evaluating the performance of its senior executives; and (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.	During the period a formal review process has been established for all employees including executives. Reviews have commenced since the end of the period.
PRINCIPLE 2 - STRUCTURE THE BOARD TO ADD VALUE		
2.1	The board of a listed entity should: (a) have a nomination committee which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; OR (b) if it does not have a nomination committee, disclose that fact and the processes it employs to address board succession issues and to ensure that the board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.	The board has not established a separate nomination committee as the full board considers these matters and it considers no efficiencies or other benefits would be gained at this time. As the scale of the Group increases, the board will consider the establishment of a nomination committee.
2.2	A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.	Details of the current directors, their skills, qualifications and record of attendance at meeting is included in the Directors' Report in the Annual Financial Report. Each director has industry experience and specific expertise relevant to the Company business. No specific skills matrix is currently disclosed and the Board doesn't consider this to have a detrimental effect to the Company.
2.5	The chair of the board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity.	The Chair is not currently considered an independent director due to the size of his interest in the Company. The board believes that the current Chair can and does make quality and independent judgements in the best interests of the Company and other stakeholders notwithstanding that he is not an independent director in accordance with the criteria set out in the recommendations.

PRINCIPLE 5 - MAKE TIMELY AND BALANCED DISCLOSURE		
7.3	A listed entity should disclose: (a) if it has an internal audit function, how the function is structured and what role it performs; OR (b) if it does not have an internal audit function, that fact and the processes it employs for evaluating and continually improving the effectiveness of its risk management and internal control processes.	The Group as a whole does not have a formal internal audit function, noting however one of its business units, Trustee Services, does. The Audit and Risk Committee monitors the need for an internal audit function, and the Company's external auditors are consulted for advice as needed. At this stage the financial function is not complex and is not considered to justify an internal audit function.

BOARD

The Board has established and approved a formal Board Charter that outlines the roles and responsibilities of directors and senior executives. This Charter is available on the Company's website.

The skills, experience and expertise relevant to the position of director held by each director in office at the date of this Statement are included in the 2015 Annual Report in the Director's Report. The current directors of the Company are as follows:

Name	Role	Independence	Term in office
Stephen Bizzell	Non-executive chairman	Not independent	5 years
Matthew Morgan	Non-executive director	Independent	7 years
Garry Crole	Non-executive director	Independent	2 years

Corporate Governance Council Recommendation 2.4 requires a majority of the Board should be independent Directors. The Corporate Governance Council defines an independent director as a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement.

In the context of Director independence, "materiality" is considered from both the Company and the individual Director perspective. The determination of materiality requires consideration of both quantitative and qualitative elements. An item is presumed to be quantitatively immaterial if it is equal or less than 10% of the appropriate base amount. It is presumed to be material (unless there is qualitative evidence to the contrary) if it is equal to or greater than 10% of the appropriate base amount. Qualitative factors considered included whether a relationship is strategically important, the competitive landscape, the nature of the relationship and the contractual or other arrangements governing it and other factors which point to the actual ability of the director in question to shape the direction of the Company's loyalty. Factors that may impact on a director's independence are considered each time the Board meets.

In accordance with the Council's definition of independence above, Stephen Bizzell is not considered independent as he has an interest in excess of 5% of the Company's issued capital.

The Company considers industry experience and specific expertise, as well as general corporate experience, to be important attributes of its Board members. The Directors noted above have been appointed to the Board due to their considerable industry and corporate experience. These requirements are evolving as the Group grows and will be reviewed periodically.

Each director has the right, subject to prior consultation with the Chairman, to seek independent professional advice at the Company's expense if such advice is essential to the proper discharge of the Director's duties. The chairman may notify other directors of the approach with any resulting advice being made available to all other Board members.

Any new director or executive is provided with any information that they request with direct access to the Company Secretary and executives. The company encourages, and recommends that all non-executive directors attend relevant external seminars and educational programs to assist directors in their exercise of their powers and duties.

The Chairman

The chairman is elected by the full Board and is responsible for:

- Leadership of the Board;
- The efficient organisation and conduct of the Board's functions;
- The promotion of constructive and respectful relations between Board members and between the Board and Management;
- Contributing to the briefing of directors in relation to issues arising at Board meetings;

- Facilitating the effective contribution of all directors; and
- Committing the time necessary to effectively discharge the role of chairman.

The Company Secretary

Each Board member has direct access to the Company Secretary on all matters to do with the proper functioning of the Board, procedures of the Board and requests for additional information. The secretary is accountable directly to the Board via the Chair.

AUDIT AND RISK COMMITTEE

A copy of the Audit and Risk Committee charter is available on the Company's website. The committee consists of Matthew Morgan (Chairman), Stephen Bizzell and Garry Crole. The committee met on 2 occasions during the financial year.

REMUNERATION COMMITTEE

A copy of the remuneration committee charter is available on the Company's website. The committee consists of Stephen Bizzell (Chairman), Matthew Morgan and Garry Crole. The committee did not meet during the financial year, however has met since the end of the period.

NOMINATION COMMITTEE

Due to the size and scale of operations, the Board does not have a separately established nominations committee, and the full Board carries out these functions.

DIVERSITY

Although yet to formally adopt a diversity policy, as the context permits, Diversa is committed to workplace diversity including gender, age, disability, ethnicity, marital or family status, religious or cultural background or sexual orientation. The Diversa Group recognises the benefits arising from employee and Board diversity, including a broader pool of high quality employees, improving employee retention, accessing different perspectives and ideas and benefiting from all available talent. The Group values diversity in all aspects of its business and is committed to creating an environment where the contribution of all its personnel is received fairly and equitably.

The proportion of women employees in the whole organisation, women in senior management positions and women on the Board as at 30 September 2015 are as follows:

	Organisation*	Senior management	Board
Number of females	19 out of 44	0 out of 4	0 out of 4
Percentage	43%	0%	0%

*other than senior management and directors

RISK MANAGEMENT

The Company has developed a basic framework for risk management and internal compliance and control systems which cover organisational, financial and operational aspects of the Company's affairs. Further detail of the Company's Risk Management policies can be found on the Company's website. Given the changes to the Group's structure and operations over the past year, the Board has reviewed the framework during the period, and due to the amount of operational and organisational change which is underway and/or recently completed, the Group framework is currently being further reviewed and updated.

Management considers and reports to the board regularly as to the effectiveness of the Company's management of its material business risks and these business risks are considered regularly by the Board. While the design and implementation of a basic risk management and internal control system is in place for the Group, a formal report as to the effectiveness of the management of the Company's material business risks has not been provided to the Board. Due to the nature of the Group's operations and industry sector regulatory framework, both of its key business units have specific risk management frameworks in place which are reported against at least quarterly to the respective business unit risk committee or subsidiary board as appropriate.

The Group faces risks similar to any business operating in the same industry sector. The Group does not consider that it is exposed to any specific material risks not faced by other industry participants.

As required by Recommendation 4.2, the Board has received written assurances from the Chief Executive Officer and Chief Financial Officer that to the best of their knowledge and belief, the declaration provided by them in accordance with section 295A of the Corporations Act is founded on a sound system of risk management and internal control and they the system is operating effectively in all material aspects in relation to financial reporting risks.

PERFORMANCE EVALUATION

The full Board in carrying out the functions of the Nomination Committee, considers nomination issues annually and otherwise as required in conjunction with the regular meetings of the Board.

The performance of the individual members of the Board is considered at the regular meetings of the Board. No formal performance evaluation of the Directors was undertaken during the year ended 30 June 2015.

During the year, the Group introduced a formal annual review process for executives and other employees. No formal performance evaluation of executives was undertaken during the year. Reviews have commenced since the end of the financial year.

REMUNERATION

It is the Company's objective to provide maximum stakeholder benefit from the retention of a high quality Board and executive team by remunerating directors and key executives fairly and appropriately with reference to relevant and employment market conditions. To assist in achieving this objective, the Board links the nature and amount of key executive's emoluments to the Group's financial and operations performance. The expected outcomes of the remuneration structure are:

- Retention and motivation of key executives;
- Attraction of quality management to the Group;
- Performance incentives which allow executives to share the rewards of the success of the Diversa Group.

For details on the amount of remuneration and all monetary and non-monetary components for each of key management personnel during the period, and for all directors, please refer to the Remuneration Report within the Annual Financial Report. In relation to the payment of bonuses, options and other incentive payments, discretion is exercised by the Board, having regard to the overall performance of the Diversa Group and the performance of the individual during the period. There is no scheme to provide retirement benefits, other than statutory superannuation, to non-executive directors.

The Board is responsible for determining and reviewing compensation arrangements for the Directors themselves, subject to the Company's constitution and prior shareholder approvals, and of the executive team.

Engagement and appointment of directors and executives

Each director and executive has a written agreement in place setting out the terms of their appointment.

At present all employees and officers engaged in the trustee services business unit undergo background security checks prior to their appointment. Going forward all Group directors, officers and executives will also undergo appropriate background checks prior to their appointment.

In addition all material information the Group has relevant to the decision to elect or re-elect a director will be provided in any explanatory memorandum to a notice of meeting to consider such a matter.
