**Notes to The Financial Statements  
For the Year Ended 30 June 2017**

**1. Corporate information**

The registered office of the Responsible Entity is located at Level 5, 10-14 Spring Street Sydney NSW 2000.

The objective of the Scheme is to pool member's premiums in order to gain access to Life, Total and Permanent Disablement and Trauma Insurance at a reduced cost.

The financial statements of Diversa Group Life Pool for the year ended 30 June 2017 were authorised for issue in accordance with a resolution of the board of directors on 28 September 2017.

**2. Accounting policies**

**2.1 Basis of preparation**

The financial report is a general purpose financial report, which has been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board. The financial report has also been prepared on a historical cost basis, except for financial assets and financial liabilities held at fair value through profit or loss, that have been measured at fair value.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for financial assets and liabilities at fair value through profit or loss and net assets attributable to members. The amount expected to be recovered or settled within twelve months in relation to these balances cannot be reliably determined.

The financial statements are presented in Australian dollars and all values are rounded to the nearest \$ except where otherwise indicated.

**Statement of Compliance**

The financial statements have been prepared in accordance with the Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board.

**New accounting standards and interpretations**

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective have not been adopted by the Scheme for the reporting period ended 30 June 2017. The impact of these standards and interpretations has been assessed and to the extent applicable to the Scheme are discussed below. Standards and Interpretations that are not expected to have a material impact on the Scheme have not been included.

**2.2 Significant accounting judgments and estimates**

The preparation of the Scheme's financial statements requires management to make judgments, estimates and assumptions that affect the amounts recognised in the financial statements. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.
