ASX MARKET RELEASE

ISSUES AND VESTING OF PERFORMANCE RIGHTS

The Board of Diversa Limited (ASX: DVA) has made some determinations in relation to the Performance Rights Plan currently offered to eligible Group employees. Performance rights form the incentive component of certain employee's remuneration package and are subject to performance hurdles and vesting periods.

Issue of Performance Rights and determination of awards in respect of the 2015 Financial Year

On 30 July 2014, the Board advised that it had deferred consideration of the allocation of performance rights in respect of the 2015 financial year, pending completion of the two key acquisitions which were announced on 1 July 2014. It was expected that allocations would be made during the financial year on a similar basis to prior periods, which may result in the issue of up to approximately 1 million performance rights (15 million rights before the 15 for 1 share consolidation conducted in December 2014), subject to Group and personal performance targets.

The Board has determined that the following performance rights be issued to employees for FY2015 who met the PRP participation criteria for this year and based on the group and personal performance during FY2015, at an effective issue price of \$0.46 per right:

Number of Performance Rights Awarded	Number awards and eligible for vesting	Dates of Vesting ¹
404,666	404,666	50% on issue 25% July 2016 25% July 2017

Of the amount noted above, 202,333 shares have now vested and have been exchanged into shares.

Issue of Performance Rights in respect of the 2016 Financial Year

For the 2016 financial year, certain employees will continue to be offered performance rights incentives. These performance rights are subject to a number of measurable performance criteria, in particular in relation to earnings and achieving business plan objectives.

The following rights have been issued in respect of FY2016 at an effective price of \$0.46 per right:

Maximum number of Performance Rights	Year performance measured against	Performance criteria	Determination of award of Performance Rights (i.e. number that are available to vest)	Dates of Vesting ¹ (out of those that have been determined as available to vest)
570,000	FY2016	Conditional upon meeting various performance targets ²	July 2016	70% July 2016 30% July 2017

An Appendix 3B - New Issue Announcement in relation to the performance rights issues is attached.

¹ subject to the employee remaining engaged with the Group at the time of vesting.

² performance targets are based on earnings and business plan objectives and were set in July 2015, and are commercially sensitive.

Vesting of Performance Rights in respect of earlier financial years

Following the passing of the anniversary dates for vesting, 67,732 rights have now vested in relation to FY2014, and 29,151 rights have now vested in relation to FY2013. These vested rights have been exchanged into shares.

Issue of shares on exchange of Performance Rights

As a result of rights issued now vesting, a total of 299,216 new ordinary shares have been issued. An Appendix 3B in relation to this share issue is attached.

The current issued capital of Diversa is as follows:

59,323,421	Ordinary shares (DVA)

202,333	Performance rights in relation to FY2015 (nil vested)
